

For radiators in window recesses or sitting on/against baseboards.

These setups need a few extra measurements so the cover sits cleanly inside the recess and clears the trim.

STANDARD MEASUREMENTS · INCHES

01 · LENGTH

02 · DEPTH

03 · HEIGHT

---

WINDOW RECESS · INCHES

RECESS WIDTH

RECESS DEPTH

RECESS HEIGHT

*casing to casing*

*outer wall to back*

*floor to opening top*

BASEBOARDS · INCHES

BASEBOARD HEIGHT

BASEBOARD PROJECTION

*floor to top edge of baseboard*

*how far it stands proud of wall*

RADIATOR SITS:

On floor in front of baseboard

On top of baseboard

Inside window recess
